## ALUMINUM TRAILERS

A Message from Bud Reitnouer, Founder.

Forty-three years ago, I founded Reitnouer, Inc. with a simple goal: to design and build the finest Class 8 aluminum flatbed trailers on the market.

Today, thanks to the dedication of our employees and the loyalty of our customers, we are proud to be moving into a new state-of-the-art 500,000 square-foot manufacturing facility.

Over the years, our product line has expanded well beyond flatbeds. We now offer drop decks in a full range of frame capacities and axle configurations, along with specialized all-aluminum trailers including A&B Trains, glass carriers, poultry trailers, and other custom designs.

We are also proud of the long-standing relationships that have helped build our success. Tri-State Trailer Sales has been a trusted partner for more than 35 years, helping deliver Reitnouer quality and innovation to customers throughout the region.

Our commitment remains the same as it was on day one...building the highest quality aluminum trailers for the trucking industry.

Authorized dealer in Cincinnati & Hubbard Ohio
